Advantages of back-up parking...

- Leads to a safe exit
- Favours driver visibility
- Attracts attention when leaving since that we are more visible with our lights on
- Reduce risks of accidents
- Ideal position to be towed and boosted
- Facilitate exit between snow banks
- Ready to leave in case of emergency

" The best moment to prepare to leave a place safely, is upon arrival. "

It is only a habit change !

Stationner à reculons, c'est logique ! (SARCEL)

***Back-up Parking
It makes sense!***
